Case No. 1:16-CR-0343

ORDER

BEFORE THE COURT is defendant ARTURO TORRES-ROSALES' *pro se* motion to terminate the remainder of his supervised release term. Having reviewed the record, the response from the government, and the report from the U.S. Probation Office, this Court is satisfied that early termination serves the interests of justice and is warranted by the conduct of the defendant.

Accordingly, IT IS SO ORDERED that the remaining portion of defendant's term of supervised release is **TERMINATED** and the defendant is discharged from further supervision.
